

Renwick

Renwick

324 North Brady Street • Davenport • Iowa

This Chicago commercial-style building was built by famed Davenport industrialist William Renwick in 1897 and underwent a 4.5 million dollar renovation in 2012. The once Matthews Office and Furniture Store/office building now houses eighteen one and two bedroom chic apartments featuring open layouts, granite countertops, balconies, high ceilings, large windows, and eco-friendly materials.

The building offers an awesome rooftop deck, party space, and fitness center. Renwick also features all-inclusive rents and a convenient downtown location, mere blocks from riverfront attractions.
